Environment enhancement to promote psychological well-being.

The facility enhances the environments for the birds present at this facility to provide for their health and well-being. However, a plan for their environmental enhancement has not been documented. Facility must document an appropriate environmental enhancement plan for the fitches, parakeets, canaries, doves and macaw. This plan must also be approved by the attending veterinarian.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides.
